

## Tarmizi Yusof Azuddin

Chief Executive Officer  
Ping Petroleum Limited

**Tarmizi Yusof Azuddin is Chief Executive Officer of Ping Petroleum Limited effective 1 October 2024.**

### History

With over two decades of leadership experience in the oil and gas sector across Malaysia and Southeast Asia, he has held key positions in major, independent, and national oil companies, including ExxonMobil, Murphy Oil, and PTTEP.

He has proven track record in both technical and leadership roles, covering field development, project execution, operations, and planning. He had successfully delivered multiple greenfield and brownfield developments, encompassing shallow and deepwater projects with a total capital expenditure exceeding US\$2 billion.

His notable career achievements include his tenure as Head of Engineering, Construction, and Development Projects for Murphy and PTTEP Sarawak Oil Co Ltd. During this period, he delivered key projects such as the deepwater Block H Gas Development for PETRONAS Floating LNG 2, Kikeh Phase 3, Siakap North Petai Phase 2, and several shallow water oil and gas developments offshore Sarawak.

Prior to that, he served as Gas Production Planner for ExxonMobil E&P Malaysia, a major supplier to PGU and Peninsular Malaysia.

He graduated from Vanderbilt University, the United States of America with Bachelor of Engineering (Mechanical Engineering and Mathematics) (Magna Cum Laude).
